

SONIC LITE|SONIC

Ultra-Lite Travel Trailers

Designed for campers, by campers.

SONIC LITE

Venture RV's single axle Sonic Lite offers solid construction, with floorplans starting out at a fuel-saving 3,000 pounds! Sonic Lite features the most interior storage in its class. Interiors are surprisingly spacious – there's ample storage and Lite boasts many of the same features as Sonic, on a more compact scale.

Both Sonic Lite and Sonic are engineered with a one-piece seamless fiberglass roof system. By arching the roof front to back, this system provides a more durable roof. When it rains, the water runs fore and aft.

The Sonic Lite 169VUD offers a double bunk, large 65" x 48" dinette, a 60" x 75" queen bed and large dry bath. All kitchens feature a 8 CU FT electric double-door refrigerator for ample food storage, 2-burner stainless steel cooktop, convection microwave, roller ball bearing drawer guides, and cabinets with mortise and tenon hardwood cabinet doors.

Sonic Lite bedrooms feature overhead storage, full-length shirt closet and StorMore nightstands with 110V outlet and USB charging port.

Double bunk floorplans offer Teddy Bear bunk mattresses, and each bunk has its own window.

Bathrooms include porcelain foot-flush toilet, tub or shower surround and skylight.

SONIC

Families on the go want it both ways – maximum towing efficiency, plus uncompromising comfort and style. Sonic delivers; its ultra-lightweight, tandem-axle travel trailers (with starting dry weight at 3,800 pounds) are designed for smaller tow vehicles, yet equipped with upscale amenities usually seen in motorhomes. Livable and surprisingly spacious, Sonic offers 82" ceilings, a residential kitchen and ample storage to keep clutter at bay. Sonic's solid construction with enclosed and heated underbelly offers peace of mind and all the comforts of home.

Sonic's living spaces now offer a panoramic front window. Furniture is extremely comfortable, and many convert to offer additional sleeping accommodations.

Large & deep single bowl stainless steel farmers sink with drying rack cover. (Sonic)

Skylight offers plenty of natural light.

Sonic's LevelMate wireless leveling system calculates a perfect level position without time-consuming guesswork. (Sonic & Sonic Lite)

Sonic features a glass-topped, flush-mounted, 3-burner cooktop with oven. (Sonic)

Sonic and Sonic Lite feature a custom Venture RV cutting board.

Media Center includes HDMI/DVD stereo with 5.1 USB charger. (Sonic & Sonic Lite)

EXTERIOR FEATURES

All Sonics feature a solid flip-up step and friction-hinged entry door with Screen Shot screen door.

Sonic offers one-piece seamless fiberglass roof construction.

The handy bottle opener can also be used as a pet-friendly tie down.

Standard outside shower provides both hot and cold water.

The NXG Frame is a superior quality, highly engineered frame that provides customers with a strong, lightweight, consistent foundation on which to build.

SONIC LITE CONSTRUCTION

SONIC CONSTRUCTION

LevelMate PRO makes it possible for you to level your trailer on the first try! This option calculates and displays the height required to achieve a perfectly level position.

Sonic's Weather Shield features a radiant foil barrier, forced heat, enclosed underbelly, and enclosed gate valves (Sonic only).
